

HEART of WORSHIP the PASSION

a powerful Worship
experience

Overview

The Crucifixion story has been told powerfully through music over many centuries. The outpouring of worship songs over just the last few decades has produced many insightful songs about the sufferings and death of Jesus, as well as about His resurrection. This double album tells the Passion story through song and also reflects on what our response should be to Christ's victory over sin and death at the cross – "love so amazing, so divine, demands my soul, my life, my all"

Album 1

1. Above all

28. My redeemer lives
29. I believe in Jesus
30. Speechless

Heart Of Worship Series

Threefold Purpose:

- 1) **The Best Songs** - regardless of who owns the song publishing.

So often albums come out from a company with only two or three really strong songs on them. Every song on these albums is strong.

- 2) **The Worship Leaders** - working with Worship Leaders who are passionate about their craft and what they have been called to do - as most are.

- 3) **The International Profile** - these songs, singers and musicians come from the UK, USA and other countries combining their talents and gifts..

Realizing that around the world we all have our cultural differences, music - especially Worship music, brings us all together worshipping our One Lord and God.

The Result

Heart of Worship: a powerful Worship experience

So this album was borne out of capturing great songs but not just having them recorded in a studio setting with studio singers and musicians but ***we focused on capturing the heart and passion of the worship leaders/ singers and their Heart for Worship.***

The heart and passion of the singers is that unknown quality that cannot be programmed or mixed into a recording. It is not just the singing of the songs - it is the heart-felt intensity of each worship leader. As they sing these songs and allow themselves to become part of the worship experience, this flows over into the recording.

A Global Success

Heart of Worship has been a global success with sales outside North America in excess of **200,000 units.**
