## PURPOSE and VISION

First and foremost this album is an act of worship by Pianist Brian Longridge. Improvisational hymns - "trying to capture the beauty of each hymn and reveal its truth." Brian's hope is that the music will gently nurture the heart and allow these wonderful songs of faith to permeate our life.

It is a collection that has a wide audience because of the nature of the songs that span generations.  
*This is a very special hymns recording.*

## ARTIST BIO

Brian Longridge is a pianist and psalmist with very much a style of his own. He creates music and melodies that is very touching and opens our hearts to the Spirit of God. His heart is to see 24 hr worship and intercession restored. Brian sees music as a way to pierce past the hardness of our hearts, which allows God's Spirit to reach and change our hearts into alignment with His Spirit.

Born in Belfast, Northern Ireland, Brian has lived in different countries throughout the world with his Dutch wife Mirte (who is also a musician) and their three daughters. He studied Jazz at Berklee College of Music in Boston. After having married they worked with street people and spent 3½ years in India using their music for the down and outs, and helping the poor. Brian and his family are currently working with Sword of the Spirit ministries.
